Remember, wear eye protection, gloves and wash with technu at the end of your work day. Avoid the hymenoptera.

Click locations where invasive plant were treated

Open a second form if more than one plant species was treated.

filled 1 bag because of the large patches near the perimeter towards the northern side of the trail and Briar Hill Park.

hand pulled garlic mustard on livingston side. Did a bit of the elephant ear type plants too but only ones that were on the edges of the trail. did mostly areas with large patches near the perimeter. Also did Briar Hill park!
