Cut & Dab

Spray

Email completed forms to hallinen@yahoo.com. Save a copy for yourself. Hours will be submitted on Fridays to Jane.

Please include comments in the boxes at the bottom such as how many bags you filled, if the area needs more work, how much time you worked in the parks, or whatever information you think is important.

Completed forms will be posted to dunhamlake.com at the end of the season. Thank you for your work.

Remember, wear eye protection, gloves and wash with technu at the end of your work day. Avoid the hymenoptera.

Open a second form if more than one plant species was treated.

We scanned Livingston upper trail and turtle cove for garlic mustard babies. Next, we moved over to the Oakland side upper trail and found several patches of first year garlic mustard and full grown garlic mustard near the private properties, yet still on the greenbelt. We stopped at blue heron park. Overall, we filled about 3/4 of a bag.
It was really hot outside.
